

## **Citizen Action Network Researcher**

### **CAN Mission Statement:**

To connect, equip, and empower citizens to champion their rights and fulfill their duties as people in a free society.

### **Description:**

The role of the CAN Researcher is to provide investigative support on the in-depth projects that take place at the Evergreen Freedom Foundation.

### **Goal:**

The Evergreen Freedom Foundation tackles many important projects each year and many require hours of research in order to be completed with excellence. Our goal is to mobilize a team of talented, capable volunteer researchers to help ease the burden on our policy personnel, granting them the time they need to write, publish, and release their findings.

### **Primary Responsibilities:**

- 1) Conduct research on a project-by-project basis as assigned by EFF.
- 2) Report on the findings of the research in a clear and accurate manner.

### **Qualifications:**

- 1) Previous experience conducting research is preferred.
- 2) Must demonstrate proficient writing skills.
- 3) Must have access to a computer, the internet, and a valid email account unless able to work locally at the EFF offices.
- 4) Must be willing and able to follow-through on assigned projects until their completion.

### **Supervision:**

CAN Researchers report to the CAN Director.

### **Benefits:**

- 1) Subscription to a select monthly email list, designed specifically for those in a CAN Volunteer position. This email will contain tips, ideas, special materials, news, and other helpful information to help you succeed in your role.
- 2) Play a vital part in the effect that EFF has on many important issues. Solid research is critical to the reports that go out, the action that is taken, and the conversations that are had as the result of the data we look at.
- 3) Access to specialized training sessions and materials; invitation to yearly CAN Retreat.
