In fact, as Attorney General, I have used AGMAP—Attorney General Management Accountability Project—to track dollars and manage the priorities of the Attorney General’s office in all its activities. As governor, I want to expand this exciting technology throughout the entire state government.</p> <p>However, I respectfully decline to sign this pledge from the American Legislative Exchange Council (ALEC). Among the positions ALEC has advocated are efforts to roll back civil rights, eliminate state minimum wage laws and oppose environmental protections. I do not believe that this is the right direction for Washington. Since I do not support ALEC’s goals and philosophies, I cannot sign my name in support of ALEC. Nevertheless, I thank you for this opportunity to reiterate my support of audits and the AGMAP technology.</p>
